

various subspecies, and showed no records for this area, which is located ca. 80 mi (129) km to the SE of their mapped distribution.

Submitted by **ERNEST A. LINER**, 310 Malibou Boulevard, Houma, Louisiana 70364-2598, USA, and **ALLAN H. CHANEY**, Department of Biology, Texas A&M University at Kingsville, Texas 78363, USA.

**CNEMIDOPHORUS INORNATUS PAULULUS** (Mexican Little Striped Whiptail). MÉXICO: NUEVO LEÓN: 4.5 mi (7.2 km) N Mier y Noriega at Rancho San Roberto, 6800 ft. (2073 m). 20 July 1974. Ernest A. Liner, Richard M. Johnson, and Allan H. Chaney. EAL 3828. Verified by James R. Dixon. Wright and Lowe [1993. *J. Arizona-Nevada Acad. Sci.* 27(1):129-157] mapped the various subspecies, and showed no records for Nuevo Leon; this record is ca. 70 mi (112.6 km) to the NE in the extreme southern part of the state, and ca. 46.6 mi (75 km) to the SW of the southern record of *Cnemidophorus i. inornatus*.

Submitted by **ERNEST A. LINER**, 310 Malibou Boulevard, Houma, Louisiana 70364-2598, USA, and **ALLAN H. CHANEY**, Department of Biology, Texas A&M University at Kingsville, Kingsville, Texas 78363, USA.

**CNEMIDOPHORUS INORNATUS PAULULUS** (Mexican Little Striped Whiptail). MÉXICO: SAN LUIS POTOSÍ: 9.2 mi (14.8 km) E Santo Domingo at La Presca de Guadalupe on México 80, 3900 ft. (1189 m). 18 July 1976. Ernest A. Liner, Richard M. Johnson, and Allan H. Chaney. EAL 4205 (3 specimens). Verified by James R. Dixon. Wright and Lowe's [1993. *J. Arizona-Nevada Acad. Sci.* 27(1):129-157] map of the subspecies is ca. 70 mi (112.6 km) to the W of this record.

Submitted by **ALLAN H. CHANEY**, Department of Biology, Texas A&M University at Kingsville, Kingsville Texas 78363, USA, and **ERNEST A. LINER**, 310 Malibou Boulevard, Houma, Louisiana 70364-2598, USA.

**ELGARIA KINGII** (Madrean Alligator Lizard). USA: NEW MEXICO: Doña Ana Co: 17 km S Hatch in Choases Canyon, Sierra de Las Uvas. May 1994. Donovan Wagner. Verified by Paul W. Hyder. NMSU 6952. First record for the Sierra de Las Uvas (Stebbins 1985, *A Field Guide To Western Reptiles and Amphibians*, Houghton Mifflin Co., Boston, Massachusetts. 336 pp.) and the third for Doña Ana County (Knight and Duerre 1987, *Southwest. Nat.* 32:283-285).

Submitted by **DONOVAN WAGNER** and **JAVIER F. GURROLA**, Department of Biology, New Mexico State University, Las Cruces, New Mexico 88003-30001, USA.

**EUMECEPS LATICEPS** (Broadhead Skink). USA: LOUISIANA: Evangeline Parish: 2.4 km W jct. Rt. 29 & Rt. 104 on Bayou des Cannes, 30°37'58"N, 92°18'48"W. 16 April 1995. A. E. Landreneau. Verified by James E. Cordes. University of Arkansas Department of Zoology Museum (UADZ 5451-52). New parish record and range extension. An indeterminate record already exists for the boundary between Evangeline and Rapides Parishes in the vicinity of Cocodrie Lake (Dundee and Rossman 1989, *The Amphibians and Reptiles of Louisiana*. Louisiana St. Univ. Press, Baton Rouge. 300 pp.). Our record verifies the parish occurrence of this species, filling the hiatus between Rapides, St. Landry, and Acadia Parishes, and extends the range to southern Evangeline Parish.

Submitted by **HARLAND D. GUILLORY** and **AMY E. LANDRENEAU**, Division of Sciences, Louisiana State University at Eunice, Eunice, Louisiana 70535, USA.

**HEMIDACTYLUS TURCICUS** (Mediterranean Gecko). USA: LOUISIANA: St. Landry Parish: 3.5 km E jct. US Rt. 190 & Rt.13, 30°29'37"N, 92°22'42"W. 5 May 1995. R. P. Hatler. Verified by James E. Cordes. University of Arkansas Department of Zoology Museum (UADZ 5453). New parish record (Dundee and Rossman 1989, *The Amphibians and Reptiles of Louisiana*. Louisiana St. Univ. Press, Baton Rouge. 300 pp.).

Submitted by **MALCOLM F. VIDRINE** and **RYAN P. HATLER**, Division of Sciences, Louisiana State University at Eunice, Eunice, Louisiana 70535, USA.

**HOMONOTA BORELLI** (Neotropical Gecko). ARGENTINA: SALTA: Ciudad (24°47'S, 65°25'W). 12 June 1994. E. Richard. Fundación Miguel Lillo (FML 3180). Verified by Raymond F. Laurent. Species was first recorded from Salta province by Peracca (1897, *Boll. Mus. Zool. Anat. Com., Univ. Torino*, 12(274):1-19) but Cei (1993, *Mus. Reg. di Sci. Nat. Torino, Monog. XIV:952* pp. inter alli) gave no precise records for this province. Another paper (Cruz et al. 1992, *Acta Zool. lilloana*, 42(1):101-107) indicated this species as occurring in Anta Department. Our records confirm Salta Ciudad as the type locality for this species.

Submitted by **ENRIQUE RICHARD** and **VIRGINIA ABDALA**, Instituto de Herpetología, Fundación Miguel Lillo, Miguel Lillo 251, 4000 - Tucumán, República Argentina.

**PODARCIS ERHARDII** (Erhard's Wall Lizard). GREECE: Pori and Lagouvardos islets south of Peloponnese (35°58'E, 23°14'N and 35°58'E, 23°12'N, respectively). 20 January 1992. E. D. Valakos, P. Maragou, and M. Mylonas. Verified by B. Chondropoulos. Museum of Natural History, University of Crete, Greece, MNHUC E1-E15 (Pori) and MNHUC E43-E44 (Lagouvardos). First records of the species for both islands. Although the commonest lizard in the Aegean, this species is absent from the surrounding areas of South Peloponnese and the neighboring bigger islands of Kithira and Antikithira (Gruber 1986, *Handbuch der Reptilien und Amphibien Europas*, W. Boehme (ed.), AULA-Verlag Wiebaden).

Submitted by **EFSTRATIOS D. VALAKOS** and **PANAGIOTA MARAGOU**, Department of Biology, Section Ecology and Taxonomy, University of Athens, GR-157 71 Panepistimioupolis, Athens, Greece, and **MOYSIS MYLONAS**, Department of Biology, P. O. Box 1470, University of Crete, GR-711 10 Iraklio, Greece.

**SCELOPORUS SCALARIS** (Bunch Grass Lizard). USA: ARIZONA: Cochise Co: Coronado National Forest, Whetstone Mountains, French Joe Canyon, ca. 5450 ft (1660 m) elev., SW 1/4 Sec. 3, T19S, R19E. 14 April 1995. J. M. Howland and J. M. Whittinghill-Howland. Adult male. Verified by Jack W. Sites, Jr. BYU 45508. Only specimen known from Whetstone Mountains; partially fills gap in known range between nearest records—17 km W Empire Valley, ca. 20 km S Babocomari Valley, and ca. 38 km E Dragoon Mountains.

Submitted by **JEFFERY M. HOWLAND**, Nongame Branch, Arizona Game and Fish Department, 2221 West Greenway Road, Phoenix, Arizona 85023, USA, and **JAN M. WHITTINGHILL-HOWLAND**, 4925 West Grandview Road, Glendale, Arizona 85306, USA.

**SCELOPORUS SMITHI** (Smith's Rosebelly Lizard). MÉXICO: CHIAPAS: Municipality of Arriaga, 2 km SW of Arriaga (latter town 16°13'51"N, 93°52'53"W), 150 m elev. 1 August 1993. Fernando Mendoza and Alfonso Delgadillo. Museo de Zoología, Facultad de Ciencias, Universidad Nacional Autónoma de México
